

## TECHNICAL DATA SHEET

# ANTI SLIP CLEANER

Self-polishing anti-slip cleaner designed specifically for the maintenance of finished wood sports floors.

1 Lt

### DESCRIPTION

Fragranced, self-polishing, anti-slip water based emulsion that complies with the non-slip requirements of standard EN 14904:2006 for sports surfaces. ANTI SLIP CLEANER has a multi-purpose protective action because apart from its non-slip property it also increases resistance to abrasion, protects against sunlight (ANTI-UV) and restores and revives worn floors. It can be used to clean and protect all types of parquet, whether coated or treated with wax.

TECHNICAL DATA CHEMICAL-PHYSICAL CHARACTERISTICS at 65°F (indicative values not constituting product specifications):	
Dilution in water	Ready for use
Recommended frequency of use	According to traffic, but on average once a month
Application method	Cotton cloth, Vermeister mop
Stability and storage (in original, unopened containers stored in a cool, dry place) (months)	12
Standard packaging (Lt)	1

### APPLICATION

Apply ANTI SLIP CLEANER evenly on the floor, if possible following the grain of the wood. If the floor needs to be more highly polished, one of more additional coats can be applied subsequently. Allow to dry thoroughly between coats.

### NOTES

Shake well before use.  
Store above freezing.

Safety precautions: Keep the product in a tightly closed, upright container in a cool place away from sources of heat. The product is classified and coded in compliance with EC Directives/regulations concerning hazardous substances. The information for the user is given in the relevant safety sheet. Empty containers or those containing slight traces of the product must be disposed of in accordance with local regulations. Vermeister S.p.A. guarantees that the details given in this sheet are provided to the best of the company's technical-scientific knowledge and experience; however, the company cannot be held responsible in any way for the results obtained with the products as the conditions of application are beyond the company's control. It is always advisable to check the suitability of the product to each specific circumstance. This sheet cancels and replaces all previous editions.
