

## TECHNICAL DATA SHEET

# DETERGENTE NEUTRO

Neutral detergent for coated wood floors

1 Lt

### DESCRIPTION

A concentrated liquid with a powerful cleaning action and low level foaming; recommended for cleaning various surfaces such as coated wood floors, brickwork, marble, ceramic tiles, etc., without rinsing.

TECHNICAL DATA CHEMICAL-PHYSICAL CHARACTERISTICS at 65°F (indicative values not constituting product specifications):	
Dilution in water	2/3% (approx. 2 capful every 1 Gal. of water)
Recommended frequency of use	Once-twice a week
Application method	Cotton cloth, Vermeister Mop
Stability and storage (in original, unopened containers, stored in a cool, dry place) (months)	12
Standard packaging (Lt)	1

### APPLICATION

For routine maintenance dilute the product by 2-3% in water (4 fl.oz. in 1 Gal. of water, roughly 2 capful for every Gal. of water), soak a cotton cloth in the solution, squeeze out and wipe over the floor. In the case of more resistant stains, pour the concentrated product onto a damp cloth and rub over the stain.

### NOTES

Store above freezing.

Safety precautions. Keep the product in a tightly closed, upright container in a cool place away from sources of heat. The product is classified and coded in compliance with EC Directives/regulations concerning hazardous substances. The information for the user is given in the relevant safety sheet. Empty containers or those containing slight traces of the product must be disposed of in accordance with local regulations. Vermeister S.p.A. guarantees that the details given in this sheet are provided to the best of the company's technical-scientific knowledge and experience; however, the company cannot be held responsible in any way for the results obtained with the products as the conditions of application are beyond the company's control. It is always advisable to check the suitability of the product to each specific circumstance. This sheet cancels and replaces all previous editions.
